I am due for inspection and I flashed my car not too long ago which caused my monitors to not ready. I got 4 out of 7 and have done countless drive cycles to get them ready. I don't have any CEL or anything so it's just taking a long time, I guess. This happened to me last year and it took 2 months to get them to ready! I can't pass emissions without having 6 of the 7 "ready".
