“reasoning” with human beings (Isaiah 1:18). He distinguishes between truth and falsehood, a core aspect of basic logic (John 7:18).

### **Is God logical? | GotQuestions.org**

Our use of the term "logic" in reference to God's mode of function must be used euphemistically. It simply teaches us what God is not. "Logic" would then only be used in reference to God to teach that He does not act haphazardly and without perfect reason, or without justice.

### **Does God Work Logically?**

How “God” Works Best known as the founder of the website HowStuffWorks.com, Marshall Brain’s new book examines how God works. “ How ‘God’ Works: A Logical Inquiry of Faith,” takes readers on a journey of critical thinking and actually disproves the existence of God.

## **Review: 'How "God" Works' by Marshall Brain - Dangerous Talk**

I'll update my review, but if you want a logical outline of why The Bible is pre-scientific mythology, full of contradictory messages and how "god" is both cruel and imperfect (by the bible's own words) and how prayer does nothing, this is your book.

## **How God Works: A Skeptic Questions Belief by Marshall Brain**

Both the idea of God and the person of God are logical. Believing in the existence of God will explain many of the philosophical questions that people have as well as some of the mysteries of the universe. Logically, think of the concept of time—it had to begin at some point. God exists outside of time, so He is the creator of time and space.

## **Is God logical?**

It is a way of identifying the relationships between ideas. Logic appears to be one of the natural laws God put into place at the creation of the universe. Then, God created mankind with a mind and the ability to reason. Being a creation of God, logic is a good thing which, when used properly, can point us toward God.

## **How should a Christian view logic? | GotQuestions.org**

One of the most encouraging verses in the entire Bible is found in Paul's letter to the Christians living in extreme persecution in the city of ancient Rome. Paul says it like this: Romans 8:28 And we know that all things work together for good to those who love God, to those who are called according to His purpose.

...

Furthermore, the proof uses higher-order (modal) logic because the definition of God employs an explicit quantification over properties. First, Gödel axiomatizes the notion of a "positive property": for each property  $\phi$ , either  $\phi$  or its negation  $\neg \phi$  must be positive, but not both (axiom 2).

### **Apologetics: Is God Logical**

God is not logical because logic is for the finite and the fallible. It is a structure created and given by God so that beings with limited knowledge could solve problems and have a reasonable world. Logic is a framework for understanding created beings and their doings, but God is not created. He is not finite.

### **Why God Is Not Logical - Church Leaders**

The way God holds everything together according to fixed laws demonstrates that He is a covenant-keeping God. His consistency in keeping one plus one equaling two serves as a continual testimony to us of His loyalty, faithfulness, and loving
