The VMware Certification team is implementing a new certification name change, where the year will be used to identify when the certification was earned. This change is intended to make it easier for certification holders and potential employers to immediately identify how current a holder's certification is.

Pass VMWARE VCP5-DT exam - test questions

As of writing there are only 91 certified VCP-DT 5s (there are 134 VCP4-DTs, however). That's an elite group to be part of, and these specialized certifications truly make you stand out in a crowd. But there's a lot more to the certification than just the number; it is being able to fully understand how to build and manage a whole View environment.

Exam Profile: VMware Certified Professional 5, Desktop ...

FWIW, when I did my 5.x exams, already having VCP-DCV knowledge was instrumental in my passing DT. I really think you should have to do DCV before anything else, sort of like (if I'm not mistaken) you have to do CCNA R&S before you can do any other CCNA. And for the same reason: it's so foundational to the rest.

Please allow me to vent a little....VCP6-DT test. : vmware

I haven't taken the VCP6-DT yet but I have all of the 5-DT certs. Looking at the blueprint, the major difference with the 6-DT is that it also includes Mirage and Workspace in addition to View. Make sure you know those areas and the VCP-DCV content as well.
